80 text file extensions from FileInfo.com handwritten in black squeezer marker on 80g office paper.

»the story of writing in the digital age is every bit as messy as the ink-stained rags that would have littered the floor of Gutenberg's print shop« is a quote by Matthew G. Kirschenbaum from *Track Changes*. *A Literary History of Word Processing*, Cambridge, MA: Belknap Press 2016, xi.

With admiring reference to ESNORE for keeping the fresh ink running.

Andreas Bülhoff sync edition 2024
